**Lower Level** 

### President's Welcome

On behalf of the Board of the Washington Municipal Treasurer's Association, I would like to welcome you to the 28th Annual WMTA Conference here in Chelan, Washington.

This year's theme, "Reaching the Summit: How to Keep Your Grip During Uncertain Times" reflects the unrelenting challenge faced by all of us as we strive to maintain high levels of professionalism and customer service – all during a time when declining revenue streams and shrinking budgets impact our respective organizations. While these challenges may appear "mountainous" at times, the summit of professional achievement is reachable with the right climbing tools, and a knowledgeable and motivated team.

As you are choosing your roundtables, or taking the opportunity to network with your peers this week, think of your conference experience as being analogous to a mountaineering summit attempt. Your classes – are a chance to obtain new tools or sharpen existing ones to make your climbing path easier. Your peers – are a group of dedicated and knowledgeable professionals who share the same goals and desire for reaching the summit as you. You may find the solution to that one unanswered internal control issue or that persistent investment question during a roundtable discussion, while walking with someone you've never met during the Chelan Riverfront Park Walk/Run, or even two months after the conference when you call the number on a business card you received during a lunchtime discussion. The key is making this

need!

Benjamin Franklin is quoted as saying "An investment in knowledge pays the best interest". Thank you for investing in our conference.

and finding the answers you

Have a great week!

- Doug Merriman, President

### **Climber Humor**

Signs you're not one of the better climbers in town:

- The exposure in your local gym terrifies you.
- The only thought you have before a big climb is "How am I gonna get Jim to go first?"
- You fall off the front steps of the gym.
- People ask if you're a park ranger.
- The best finger jam you've had was when you slammed your hand in the car door.
- Your team uses you to "test dummy" for avalanche practice.
- You've chopped the rope with your axe while ice climbing.
- Your leg is still recovering from being impaled with your ice axe while practicing "self arrest" on the bunny slope.
- You think "Hypothermia" and "Frostbite" are the up and coming rock groups.

"The lake and the mountains have become my landscape, my real world."

Georges Simenon

### The Board's Message

As we wrap up on the final day of conference, it is our goal that your time here has been well spent. We would like to ask that you take a moment to consider the following questions about this week.

Did you meet new friends?
Did you collect new networking contacts?
Did you obtain any new or updated information?
Did you get a chance to relax, have fun, and feel refreshed?

Hopefully you can answer "yes" to one or several of these questions. We are very interested in your feedback. We encourage you to complete your WMTA 2011 Conference Surveys which will be sent to you via email. Your comments help us make plans and improvements for next year's conference.

We thank each of you for your attendance and participation this year. Don't forget, the WMTA Board is always looking for enthusiastic individuals to assist with next year's conference. If you are interested in helping out with any of the conference or board committees (audit, budget, conference, education, historian, investment policy certification, legislative, membership, newsletter, nomination, or scholarship), please call or email any board member. You can find our phone and email addresses on the WMTA website at www.wmta-online.com.

Just a reminder that WMTA will be emailing out a quick and user friendly survey next week. We would appreciate it if you would take the time to give us your conference feedback and comments. We think feedback is a gift!

#### **Feedback and Comments**

In our continuing effort to utilize technology to conserve resources, WMTA will be gathering your conference feedback through a quick and user friendly survey. The survey will be emailed to all conference attendees next week. When you receive the email, we would appreciate you taking a couple of minutes to share your thoughts about this year's conference. Your comments will help us to plan future conferences.

To ensure that you received the survey, MRSC needs to have your current email address. If you need to update your email information, just stop by the Conference Registration Table. You can also update your information online on the WMTA's website (wmta-online.com) by clicking on the **Membership** button and accessing your membership record.

### **APT US&C**

Certified Public Finance Administrator (CPFA) recognizes public treasury and finance officials who have demonstrated a high level of professional competency through continuing education and professional experience. Successful applicants must have earned sufficient education and experience points and been a member of APT for two consecutive years. Members who already have the CPFA designation are required to maintain the certification every five years. Educational programs are offered at CPFA approved university programs; APT state association conference and annual APT conferences. Investment Policy Certification allows public treasury officials to submit their government's investment policies to APT for peer review. The association's Investment Policy Program provides public investors with guidance and technical assistance in developing a comprehensive written investment policy. APT's model investment policy includes those elements that are essential to a good policy and includes an outline to help develop policies suited to your entity.

**Cash Handling Certification** provides treasury officials the opportunity to submit their government's cash handling program for review and certification. APT's model cash handling manual is an excellent resource that includes training modules, glossary of terms, a cash handling training seminar syllabus, sample cash handling legislation, and an application for the certification program. The association's cash handling training seminars are open to public treasury officials throughout the year.

**Debt Policy Review and Certification** program provides treasury and financial officials with the Debt Policy Handbook to be used as a guide for preparing their own unique policy. This handbook provides practitioners with the information necessary for preparing a comprehensive capital financing policy. It includes chapters on: assessment and funding alternatives; issuance of obligations; administration of obligations; and using pertinent internet sites. The handbook includes instructions and an application to have your policy certified.

Location: Stehekin B (upper level)

Instructor: Deanne Woodring, Portfolio Manager and Advisor, Davidson

Fixed Income Management

The continued low-rate environment has heightened attention on the investment strategies of public fund investors. Oversight committees are demanding additional accountability and questioning decreased earnings and their impact on constrained municipal budgets. Is it time to adjust your investment strategy or do you hold the course? These are challenging times for investors. It is very important to have a well thought out strategy and a carefully constructed portfolio as we move forward.

This session will analyze the current fixed-income market outlook, review which asset classes have performed well, and which have not, discuss investment strategies going forward, and provide ideas for how to communicate with and keep your oversight committees informed along the way.

Fraud and Internal Controls

Location: Stehekin A (upper level)

Instructor: Sarah Walker, CFE, Fraud Manager, State Auditors Office

Instructor: Paul Jarvis, Managing Director, Time Value Investments, Inc.

This unique public funds investment class begins at the beginner level. We will diagram a typical bond and lay out the cash flows. We will resolve questions regarding bonds purchased at a discount and a premium. And without resorting to bond speak or jargon, we will answer that all important question: "how likely is a specific callable bond to be called?"

Presentation Tips and Tricks for Smarties (And Dummies)

1:00pm - 4:00pm

Location: Stehekin A (upper level)

Instructor: Malcolm Kushner, Malcolm Kushner and Associates

In today's information-driven economy, the ability to make presentations effectively is essential — especially for municipal treasurers. Whether you're speaking to city council members, colleagues or the community at large, you need to get your ideas across persuasively. You also need to make people pay attention to information that's very dry even though it's very important. That means knowing how to use humor even if you can't tell a joke.

In an entertaining and informative program, you will learn how to:

- · Prepare a message in a way that overcomes stage fright
- Avoid common delivery mistakes
- · Develop humorous anecdotes that make a point
- Use simple rhetorical tricks to sound like a great orator
- Set audience expectations
- Use humor to defuse tough questions
- Review some basic rules of persuasion
- And lots more

No kidding!

### Track 4 - Roundtable

### **LOCAL Program and Bond Mathematics**

Location: Edmunds Room (upper level)

Instructor: Noah Crocker, Lease Purchase Specialist,

Washington State Treasurers Office

Local governments authorized to make a general obligation pledge and levy taxes can finance equipment and real estate (construction or acquisition) through the Local Option Capital Asset Lending (LOCAL) program offered by the Office of the State Treasurer. LOCAL pools the financing needs of local governments with those of state agencies to gain economies of scale in an effort to reduce borrowing costs and achieve lower interest rates.

The LOCAL Program has been re-organized to gain even greater pricing efficiencies in the market place. The LOCAL Programs repayment schedule has been changed to mirror the sizing and structure of bonds. This change will be discussed, as well as the important Bond Mathematics that we all should know.

The Bond Math presentation will explore the various inputs and outputs (e.g., Original Issue Premium/Discount, Coupon, Yields, AIC, TIC) that result in a bond debt service schedule. Bring your calculators as we walk through the basics of calculating a bond amortization schedule.

### Track 4 - Roundtable

### **Open Public Meetings Act**

Location: Monfort Room (upper level)

Instructor: Pat Mason, Senior Legal Consultant, Municipal

Research and Services Center

One of the primary legal doctrines that elected and appointed officials must be familiar with is the Open Public Meetings Act. This session will provide an overview of the requirements of the Open Meetings Act, including an overview of the reasons for which a governing body may meet in closed or executive session. The session will highlight inadvertent ways the Act can be violated, such as e-mail meetings, serial meetings or use of social media. A focus of the session will be on staff responsibilities for complying with the Act, such as required notice, proper procedures to go into executive session, and what must be reflected in the minutes so as to avoid issues with the Office of the State Auditor.

The raffle takes place at lunch on Friday and always ends with the ultimate prize, the combo HD TV/DVD player (thanks for sponsoring, Vining Sparks). Proceeds from these two fund-raisers provide scholarships to the WMTA State Conference and the APT National Conference. Since 1985, WMTA has awarded over \$61,000 in scholarships to assist local governments in staying connected to these organizations that provide invaluable educational and networking opportunities. Please come and participate by supporting these worthy and fun events!
